## From the Principal

This year is the 15th anniversary of our school. I am happy to see that the Millennium Robot Musical achieved great success. As part of the audience, I was impressed and entertained by such a wonderful performance. Words cannot describe my gratitude towards teachers, parents and students' significant and enthusiastic contribution to the school celebration event.

Looking through the beautiful pages of this school magazine brings back many joyful memories. Our students have achieved great success in numerous competitions. This proves that our students are well-rounded and competent. Meanwhile, it captures the spirit of our school, where our students can face challenges with a cheerful, positive and confident attitude.

Looking forward to the coming school year, we are committed to provide an inviting and caring environment where students are joyful and secure enough to be able to perform the best of their ability. I am sure that with the dedication of our teaching staff, we will definitely be able to establish an even more stimulating program where our students will surely benefit from the learning process.

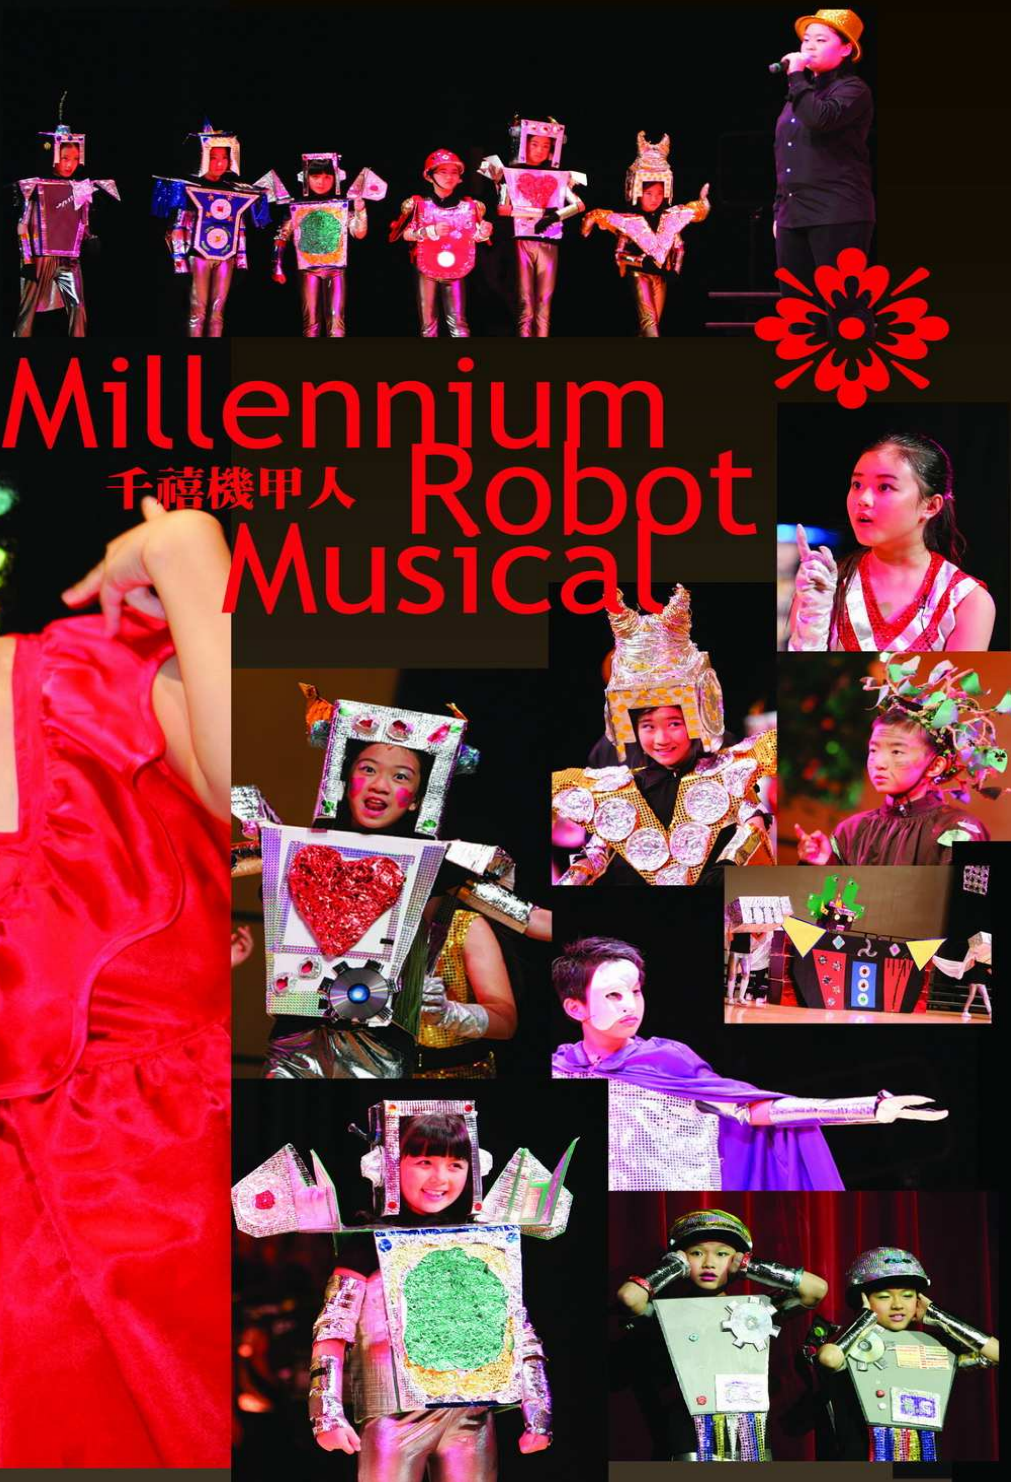

Mr. Sin Kim Wai

# People

**Students**

**Teachers**

**Parents**

An academic culture is valued along with extra curricula everyone. Ideas, suggestions, and concerns are

orientation. All activities and policies are designed to honor and include welcomed in the inviting atmosphere.

Everyone in the school including students, teachers, staff, parents, and even visitors are expected to be treated with **RESPECT, TRUST and CARE.**

democratic ethos

PP.12-13

## School Vision

We are committed to fostering a dynamic and pleasant learning environment that stimulates students' potential, creativity, talent and positive learning attitudes. We value the search for greater knowledge and personal growth.

Our students will be capable individuals, equipped with a keen sense of lifelong learning and self fulfillment. We all work together to build up a high quality school.

The motto of our school is

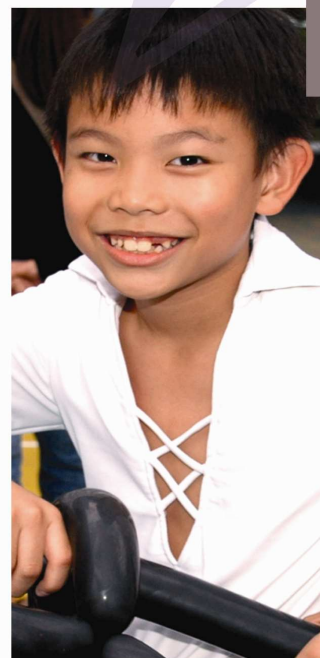

**"Love, Respect, Diligence and Sincerity".**

We are committed to providing our students with an all-round education and to equip them with the skills they need for lifelong learning. Students attend whole day school with nine lessons each day and are encouraged to participate in an array of extra-curricular activities.

## Our strengths

- Implementation of the "Invitational Education" concept and development of a positive culture.
- Pilot School of Brain Based Learning (BBL)
- Emphasis on trilingual curriculum
- Diversified development program for groups and individuals
- Aesthetics emphasis
- Free Campus / Democratic ethos

Parents are kept informed of student and school's activities through newsletters, the school website, phone calls and meetings.

## Well established communication network with

### Parent-Teacher Association (PTA)

Enthusiastic parents voluntarily participate in the formation of the PTA. Together with the school, parents actively contribute in many activities such as parent-kid events, giving interest classes, etc. PTA promotes the welfare of students in home and school. Every year, PTA will organize the election of a parent representative to sit on IMC where parents can raise their constructive opinions to the school board directly.

# Parents

## Policies

Foster two-way communication

## Curricula highlights

PP.18-19

The balanced and well planned curricula enables students to acquire the knowledge and skills students will need to become successful people and productive members of society. The programs aim to develop our students good learning habits, proficiency in Chinese and English, excellent communication skills and interpersonal skills. Students are encouraged to think creatively, critically and independently through the programs.

Subjects offered at all levels are Chinese, Putonghua, English, Mathematics, General Studies, Visual Arts, Music, Physical Education, Library Lesson and Information Technology. In addition, our school also places a strong emphasis on catering individual differences and integrated education. We provide suitable assistance and guidance in accordance with students' abilities and learning needs, so that they can develop their potential to the fullest.

The school is dedicated to creating a friendly environment to learn and use Putonghua and English. English Reading Workshops for P.1-6 are taught by native English teachers. Also, Students are encouraged to demonstrate their language abilities by performing and participating in various recitations, story-telling, singing events and competitions.

## Professor Paws

PICK UP  
BRIDGE ENGLISH  
THE WORLD

Professor Paws Pet Cadet program provides our students with four days English learning activities. In the program, students learn how to take care of animals and at the same time they are exposed to an English environment where they can practise their listening and speaking skills. Our students feel so excited as they wait their turns to walk Prof. Ah Choi and Prof. Bianca. They like to gently comb Prof. Judy's fur too. It is true to say that the bond between people and animals can be an incredible and powerful means of improving the English language and literacy skills of our children, whilst promoting another positive example of the ways companion animals can enrich our lives.

Integrating the best of both Western and Chinese educational ideas, our school develops our unique and highly effective children-centered curriculum.
