

## **Mother's Day**

Mandy and her brother Alan are at the flower shop in the morning because it is Mother's Day. They want to buy flowers for their mum as a present. They feel wonderful because the flower is nice. The shop is big and nice.

Next, there are bees. They fly near the flowers because flowers smell nice. Mandy and Alan look at the bees. They are scared because they do not know what happens. It is quiet nearby.

Then, they throw away the flowers and run fast. They are scared because they are afraid of bees. Alan and Mandy shout out loudly for help.

In the end, Alan and Mandy go to the flower shop to buy another bunch of flowers. Mandy and Alan feel angry about the bees. What a sad day. They give Mum a kiss instead.
