

11th February 2025

Dear Principal Chan,

I know that we should save the Earth. Therefore, I can do the following things at school:

To reduce plastic waste, I can use a reusable water bottle and not use plastic bags.

To reduce food waste, I can eat all my food and save it for next time.

To reduce paper waste, I can write on both sides of the paper and use scrap paper.

I promise I will save the Earth.

Yours sincerely,

3C Hebe Yeung
