

Mother's Day

In the morning, Mandy and her brother Alan are at a flower shop because it is Mother's Day. They want to buy some beautiful flowers for their mum as a present. They feel over the moon because their mum will be very happy. The flowers are sun flowers. The shopkeeper is friendly too.

Next, there are four bees. They fly near the beautiful flowers on Mandy's hands because they smell good. Mandy and Alan look at the bees, they do not know what will happen next. It is quiet.

Then, they throw away the flowers and dash. They are afraid of bees.

In the end, they buy new flowers for their mum. They feel happy because their mum is over the moon. What a nice day!
