

My Diary

9th February, 2025 (Sunday)

Sunny

In the morning, I got up at eleven o'clock. I had breakfast with my mum. I ate a toast for breakfast. Then I went to the playground to play basketball. I felt excited because I like basketball.

In the afternoon, I went to Lam Tsuen Wishing Plaza with my friends. I got there on foot. It took me 5 minutes because I live near the Lam Tsuen Wishing Plaza. There were a lot of game booths such as basketball, fishing and more. I played basketball and a claw machine. I felt joyful because it was entertaining.

In the evening, I went to a Western restaurant with my family. We ate dinner there. We ordered a pizza. In the end, I felt satisfied because the pizza was tasty. I learnt to be patient because I had to wait in line in the game booths.
