

Careless Mary

On 15th March, Mary was playing basketball with her friends after school at 4:00 PM. They were joyful because they enjoyed playing basketball with each other and they haven't played together for a while.

Suddenly at 4:30 PM, Mary twisted her ankle. "OMG!" bellowed Mary. She fell down instantly and she was not able to walk or stand up. She felt painful because her ankle was in pain.

In the ambulance, the ambulance man said, "We will get you to the hospital." She was upset because she couldn't play basketball for a while.

Finally, she was discharged after two weeks. Her family took good care of her and she was recovered. She felt grateful because she could play basketball with her friends again. She learnt that she couldn't speak when running.
