

### **Sad Mary**

On Friday morning, Mary and her classmates were on the basketball court. They were playing basketball. They felt over the moon because they could play basketball together.

First, Mary's classmate passed a ball to Mary. Mary ran very fast. Suddenly, she twisted her ankle and fell down. She felt very painful. Then, her classmates took her to the medical room.

Next, the school called her parents. An ambulance came to the school. The ambulance crews asked, "Are you ok?" Mary said, "I'm not ok." She was sent to the hospital. She felt upset because she was sent to the hospital.

In the end, she didn't need to stay in the hospital but she needed to use a wheelchair for two months. After two months, her ankle recovered. She was excited because she could play basketball with her classmates again. She learnt that she needs to be careful when she plays basketball next time.

What an unforgettable experience!
