

Sightseeing in Hong Kong

Dear Chris,

How are you? How is your school life?

I'm so happy that you're coming to Hong Kong soon. I would like to take you to some wonderful places in Hong Kong.

Last week, I visited Hong Kong with my friends, Vega and George. First, we went to The Peak by the Peak Tram. The tram was unique and it was an unforgettable experience. The view in Hong Kong was stunning, you should not miss that. We also bought some souvenirs there.

The next morning, we did some shopping in Mong Kok. I bought some interesting toys while Vega bought some gadgets. They were cheap and of good quality. I also bought some trendy clothes.

The next morning, we went to the Po Lin Monastery in Lantau Island. We saw the Big Buddha which is a large bronze statue. We took a lot of photos.

The last day, we spent our whole day in Ocean Park. We watched the dolphin shows. The dolphins are talented and attractive. We rode the cable cars. It was exciting. We rode the roller coaster too. We saw the pandas, they were adorable. We also saw the sea lions, they were scary and their teeth were sharp. We were over the moon.

Looking forward to seeing you!

Cheers,

John
